

HOW TO ACCESS ONLINE JOURNALS AND ARTICLES ?

A QUICK GUIDE

5 tools to facilitate the access to scientific journals

Click & Read

A single extension to install on your browser. You can access in 1 click the full text of a document available on BibCNRS, ISTE⁽¹⁾ or PANIST⁽²⁾

How to do ?

Install the extension on your browser⁽³⁾ in 2 clicks via the URL: <https://clickandread.inist.fr/>

Choose the option :
Institute = « **OTHER** » + Domain
= « **INSU** » (Galilée, Géoazur, Lagrange) or **INSIS** (Artemis)

In practice :

By browsing any site on the Internet (publisher, Google, ADS...) whatever your query (article title, author, keywords, DOI...) the extension analyzes the page you are visiting and adds the **C&R** button if the resource is available.

Then just click on the button **C&R** to access the article.

Online periodicals

A section on our web portal to inform you of current subscriptions (individual titles and packages journals), and their conditions of access.

OCA VPN

When you are outside the observatory, use the OCA VPN to continue to consult the journals which are accessible by OCA IP addresses

The plan L like ... Librarian

No time to look for an item ? : send us a request by email to biblio@oca.eu or [fill the electronic form](#). We will send it to you as soon as possible

Table of contents email alerting service

A tool to stay informed of the latest publications

How to do ?

Fill our online form : select your favorite journals or suggest new titles. You will receive the last issue as soon as it is published

(1) **ISTEX** = *Information Scientifique et Technique d'EXcellence* = archiving platform for documents acquired under national license (9,207 journals and 344,521 ebooks published over the period from 1473 to 2015)

(2) **PANIST** = *Plateforme d'Archivage National de l'IST* : allows access to the archives of Elsevier (2002-2018) and Springer
